## OUR MISSION

The mission of the 100 Black Men of Philadelphia is to improve the quality of life within our communities and enhance health and wellness, educational and economic empowerment for all African Americans through mentorship and development.

## OUR VISION

100 Black Men of Philadelphia seeks to serve as a beacon of leadership by utilizing our diverse talents to create environments where our children are motivated to achieve and to empower our people to become self-sufficient shareholders in the economic and social fabric of the communities we serve.

## OUR AREAS OF FOCUS

100 Black Men of Philadelphia is committed to the intellectual development of youth and the economic empowerment of the African American community based on the following precepts:

mentoring

education

health &  
wellness

economic  
empowerment

“  
What they see is what they'll be.”

## OUR PROGRAMS

**Leadership Academy:** This program offers age-specific mentorship groups led by dedicated mentors, focusing on vital skills like character building, self-awareness, peer mentoring, communication, conflict resolution, social engagement, goal setting, networking, time management, developmental skills, and leadership development.

**Collegiate 100:** For those preparing to attend Cheyney University, the Collegiate 100 chapters stand as a beacon of the "Mentoring Across A Lifetime" philosophy. These chapters are instrumental in promoting a positive "cradle-to-career" path, challenging the long-standing "cradle-to-the-grave" narrative that has historically impacted minority Americans.

**Emerging 100:** Participants gain essential skills through workshops for paid summer Internships at top companies as they develop in-demand abilities, including professional development, soft-skills, resume and interview prep.

**Nationally Sponsored Financial Literacy Programs:** Our programs, like "Hands-on-banking", "Dollars & Sense", and junior investment competitions teach financial literacy, investing, and entrepreneurship.

## GET INVOLVED
